

Manpower, deployed and accounted for.

Optimum Facilities Manpower Services supplies housekeeping staff, machine helpers and general workforce to plants in Roorkee and the Bhagwanpur industrial area. Every worker is on a roster, carries an employee code, and shows up in an attendance register you can audit.

What we supply

Housekeeping staff

Cleaning and upkeep of production floors, offices, washrooms and shared areas, on a fixed schedule for each area.

Machine helpers

Support staff beside your operators on production lines: loading, feeding, packing and keeping the line clear.

General workforce

Helpers for stores, loading and unloading, shifting material and everyday work around the plant.

How we work

01

We walk your site

We note what needs covering, area by area and shift by shift.

02

We agree the roster

Headcount, shifts and duties for each area, fixed before anyone starts.

03

Staff start on shift

Trained staff arrive on the agreed shift, each with an employee code.

04

You get the muster roll

Registers become a monthly muster roll, with gate passes and short hours per worker.
